

## SEA HOTEL SOUTH SHIELDS

It's not always easy to find pet-friendly hotels, but at The Sea Hotel we are delighted to welcome your furry friends and look forward to spoiling them as much as our human guests.

### ***Our pet policy***

To keep pets and guests happy, the following guidelines have been put in place:

Pets should always be kept on a leash or in a carrier inside the permitted hotel areas or our outside public areas.

Pets must be always supervised.

Pets are welcome in Bar 52 and on the outside patio area.

Pets are not allowed in The Adham Restaurant.

Parents should pick up any "deposits" left by their pets.

Please make every effort to keep your pets from barking indoors.

Large dogs are welcome to stay by prior arrangement only. Please notify the hotel (preferably at time of booking) when travelling with your pet

Guide dogs are, of course, welcome throughout the hotel.

For more information, please contact the reception team
